

Midlands Gives 2018 a Success!

Thank You!

The 2018 Midlands Gives community non-profit campaign was a huge success. The Foundation wants to thank all our donors for their support. A special thank you to The Zucker Family Foundation for being our matching partner. With your generosity we have raised over \$8000. Your commitment to Holocaust education is greatly appreciated. The lessons we learn from the Holocaust are important in combating the hatred that still plagues our world today. This Foundation will honor Dr. Smith's memory by carrying on his vision of tolerance and justice.

Your contributions will ensure grant funding for Holocaust educational programming in our state including such exciting projects and events as:

- *An internationally traveling Anne Frank exhibit.**
- *Digitization of previously recorded testimony given by survivors in South Carolina.**
- *Holocaust supplements in state newspapers every April.**
- *Holocaust teachers' workshops.**
- * Grants awarded to teachers for Holocaust books, speakers, student field trips and other Holocaust and intolerance related projects.**
- * Teachers' Study Trip to Poland.**
- *Sponsorship of community held Holocaust educational events.**
