# **Midlands Gives May 4, 2021**

## **Your contribution can make a difference!**

The SKS Foundation provides grant funding statewide for projects related to teaching the Holocaust. This work is vital in today's society, especially with anti-Semitic acts on the rise. Projects that SKS support include teacher training, classroom resources, field trips, speakers, traveling exhibits, Holocaust Remembered newspaper supplements and community events. If you're thinking of giving this year, please think of us and help the Foundation promote tolerance and justice throughout the state.
